

ACUNEX[®]

One-piece monofocal posterior chamber lens with aspherical surface and blue light filter

Product	ACUNEX [®] AN6	aspheric
Type	Foldable one-piece monofocal IOL for capsular bag fixation	monofocal
Body Diameter	6.0 mm	blue light filter
Overall Diameter	12.5 mm	glistening-free
Haptic Angulation	0°	
Optic Design	Biconvex Aspherical surface - posterior Spherical aberration correction: -0.13 μm	
IOL Design	C-Loop haptic	
Material	Hydrophobic glistening-free acrylate UV absorbing and additional blue light filter	
Available Diopters	SE +10.0D to +30.0D (0.5D)	
Refractive Index	1.54 @ 35°	
A-Constant (nominal)	119.1	
Sterilisation	Gamma irradiation	
Storage	Supplied in 0.9 % saline solution	
Recommended Injector-Sets	Check compatibility of IOL with injector matrix provided at www.acunex-eifu.com	

Revision: QF2064v5
